

in composters

Compost is produced quickly in the new Maze 100-litre Tumbling Composter. An extension allows the stand to take two 100-litre drums, so the contents of one can mature while the other is being filled.

The stand is \$49 and the drums \$69 each, from Bunnings Warehouses or www.mazedistribution.com.au
For details, call (03) 9544 6999.
