

WIN!

YOUR OWN ALL-SEASON GREENHOUSE!

If you have been inspired by our garden makeover story on page 56, why not try a transformation of your own – including a greenhouse?

We have one Nature Silver Greenhouse by Maze – measuring 6' x 6' and valued at \$649 – to be won.

A greenhouse will enable you to grow fruit, vegies and flowers year-round in a controlled environment. By sheltering your plants from pests and unpredictable weather, you can enjoy faster-growing and quality produce.

Maze greenhouses include a vent window for air circulation to balance humidity and temperature, offer 100 per cent UV protection and are made from a rust-resistant aluminium frame and clear polycarbonate panels that are virtually unbreakable. They also have high ceilings, which allows for extra headroom and eaves, creating a more comfortable and enjoyable working space.

Each greenhouse comes with illustrated step-by-step assembly instructions for easy installation, and lightweight packaging to reduce transportation costs. Extra accessories, like shade cloths, shelves and automatic vents are also available, as are larger and smaller greenhouses and cold frames.

Available to order from your local Bunnings special orders desk or contact Maze Greenhouses on 1300 449 107 or see mazingreenhouses.com.au

HOW TO ENTER

SIMPLY WRITE AND TELL US IN 25 WORDS OR LESS:

What plant would you most love to grow in your greenhouse?
